

Industrial Stormwater Permit

A. Seek Pre-Application Information

Complete the following prior to submission of permit application:

- Get a copy of the permit and review it
 - Develop a Stormwater Pollution Prevention and Monitoring Plan (SWPPP) (monitoring plan is a part of the SWPPP) (permit requires that they submit the SWPPP with their completed application for coverage, S2.B.3.c.ii.)
 - Comply with the SEPA (new or newly established facilities only)
 - Draft public notice (new or newly established facilities only) we are no longer requiring submittal of draft public notice nor do we intend to review it prior to publication
-
